

X-Ray Protection Clothing

- Option Line -

Solutions

The **Option Line** for X-Ray Protection Clothing completes now our range of X-Ray Protection products.

The Option Line allows us to offer new youthful and varied aprons, shields and other protective accessoires accompanied by high-technology and continued progresses.

The Option Line impresses with the soft cover material, which is antimicrobial and water-resistant. The smooth surface is easy to clean and wrinkle free.

The Option Line is available in 0.25 / 0.35 and 0.50 mm Pb.

The Option Line is available in three different inner materials:

LLU – LiteLead / lead (standard, if not indicated)

MLU – MaxLite / light version, lead

LGU – LiteGreen / lead free

Special versions like “Frill“ and “PC material“ are optional to order. More details, info and prices upon request.
